In order to be eligible to win a Twoonie Pot Game Prize, the Bingo Player must purchase a Twoonie Pot Game Ticket before the 1st Regular Bingo Game. **The Ticket must be signed to be valid.** If the required game pattern is not won on the Twoonie Pot Progressive Number, play continues for the regular game prize.

Game Play - Prior to the commencement of each Regular Bingo event, a bingo ball shall be drawn from the bingo blower. This number shall be known as the "Indicator Number". The Indicator Number (bingo ball) shall be clearly shown to all players and returned to the bingo blower. The purpose of the Indicator Number is to alert participating players that the number drawn immediately after the Indicator Number will be the "Twoonie Progressive Number". In order to win, a player must have a bingo on the number immediately drawn and called after the indicator number. For example, the indicator number drawn at the beginning of the bingo event is B15. When B15 is called during an eligible game the next number called is the Twoonie Progressive Number.
